

**Dear business partners and friends!**

To follow and satisfy the changed and current demand of our customers and partners in the future, we have moved our head office into a new location. From **May 1st 2011** onwards you can reach us under the below mentioned address respectively under the new telephone/fax number. Our team remains the same and is looking forward to a further mutual successful co-operation.

**The new address:**

Dataplay GmbH
Planseestr. 4
AT-6600 Reutte, Austria

The new telephone- and fax number:

tel. +43 (0) 676 848 391-0
fax +43 (0) 512 219 921 1132

The eMail addresses of your contact persons still remain the same.
More details under www.datarius.com.

Meet us on the 3rd/4th of May in Hamburg!

During the upcoming MediaTech Conference we will present our brand new developed **iDS „instant Detection System“**. The iDS is a cost-effective system for the early detection of defects on DVD's and BD's. The development of this new product was driven by the demand for cost reduction and increased efficiency in the production of Optical Media.
