

Bob Dobbin appointed president of DaTARIUS USA

Bob Dobbin, former CTO of DaTARIUS, has rejoined the company, following an absence due to personal circumstances, and has taken on the role of president/managing director of the US office in Lake Forest.

"We are delighted to have Bob rejoin the company," says James Steynor, DaTARIUS CEO. "He has always been a very strong asset for DaTARIUS, and he is the ideal person to move the US team forward."

Dobbin will be responsible for running all DaTARIUS operations in North and South America. "It's great to be back on the team that I worked with for many years," he says. "It is a very interesting time in the optical media industry, and I am looking forward to moving ahead with DaTARIUS into the next generation – generations! – of optical media."

Bob Dobbin has degrees in Biology and Physics from MIT (Massachusetts Institute of Technology). He started his involvement in the optical disc business as an engineer in 1987 at DISC in Santa Ana, California, and founded CD Associates, Inc in 1989. He has contributed many innovations and several patents to the industry.

About DaTARIUS Technologies GmbH

DaTARIUS has been at the forefront of optical media development for over 20 years as a world-leading supplier of test equipment, helping the media manufacturing industry to improve production quality, consistency and efficiency.

DaTARIUS produces measurement, test and quality control systems for all CD and DVD formats: pre-recorded, recordable and rewritable. Its revolutionary DaTABANK(tm) technology is fully enabled for Blu-ray Disc (BD) and HD DVD testing.

The DaTARIUS product range extends to optimization of all optical media formats, with the MF DisCo temperature regulator and Universal Sprue Recycler. These help to improve moulding quality, cycle times and the efficient use of raw polycarbonate. The DaTARIUS Inspect product family offers print label quality inspection, disc orientation and Ident code validation

DaTARIUS offers extensive training through its service centres worldwide and is fully committed to the future of its customers.
